EXPERIENCE

Acquisition Designer **Pier** 2021 - Now
I joined a fast-moving team of content experts, ITs and project managers to develop user experiences for acquisition channels. My role involved collaboration with cross-functional teams and external partners. I helped align quarterly OKRs by creating landing pages (using React and Dato), email templates and various ad creatives.

In 2021, <u>Brazil's insurtech raised US$20M Series B</u>.

Full-Stack Web Developer **Freelance** 2020 - 2021
Web page development from design to production deployment using the main technologies: Ruby on rails, NodeJS, HTML5, CSS3, JavaScript, React.js, Bootstrap. Working together with the client to meet their expectations and find the best possible solution for each project.

Designer & Operations Assistant **SNBA** 2019 - 2020
Greeting visitors, monitoring the spaces, helping with the physical installation of exhibits and developing graphic materials.

Art Assistant **Various** 2015 - 2019
Before diving into design and web development, I provided artistic support to renowned contemporary artists. Tasks included fabricating or assisting with production of artworks, installation and dismantle exhibitions, and 3D Models creation.
